

# Aakash Kumar

Full Stack Developer | +91-9457026063 | ak.1998@outlook.com

To secure a strong position in an environment that utilizes my skills while allowing me the opportunity to grow professionally. I offer strong technical skills to develop global customer solutions, functioning both independently and collaborating with an outgoing personality.

## EDUCATION

### INSTITUTE OF ENGG AND RURAL TECHNOLOGY

BTECH IN ELECTRONICS  
ENGINEERING (2016-2020)  
Prayagraj, UP, India  
Cum. GPA: 8.14/10.0

## SKILLS

Data Structures and Algorithms  
Fullstack Development  
Object Oriented Programming (OOPs)

## FRAMEWORK

React.js  
Node.js

## LANGUAGES

JavaScript (ES6 + advanced)  
C++  
Python  
HTML  
CSS

## DATABASE

MySQL  
MongoDB

## PLATFORMS

Windows  
Linux

## LINKS

Codechef:// aakashakki1

## CERTIFICATIONS

ECMAScript6, Functional ES6+  
Closures, Event loop, callbacks,  
Promises, async/await,  
IIFEs, Scopes, Hoisting, Currying,  
Execution context and more.

Nodejs, npm  
Routing, Event loop, Express and it's  
middlewares, Error handling, Using  
templates and more.

## PROJECTS

### KEEPER APP

July 2020

- Deployed at Codesnadbbox. Developed a clone of google keep, using this you can keep notes.
- TechStack - React, HTML, CSS
- Github link - <https://github.com/aakashakki1/Keeper-app.git>

**Visit Keeper App**

### E-COMMERCE PAYMENT APP

Oct 2020

- Deployed E-commerce Payment App which allows merchant's to receive payment from customers via card and also allows customers to save cards. .
- Techstack - HTML, CSS, Nodejs, MongoDB, heroku, PaySafe API
- Github link - <https://github.com/aakashakki1/ROIIM>

**Visit App**

### BLOG WEBSITE

June 2020

- Developed blog website where you can publish and read blogs of all genre.
- Tools and Technologies - Node, HTML, CSS, Ejs
- Github link - <https://github.com/aakashakki1/Blog-Website.git>

### BUDGET APP

May 2020

- Built Budget app that helps you maintain your monthly budget, total Income, expenses and percentage.
- Techstack - HTML, CSS, Javascript
- Github link - <https://github.com/aakashakki1/Budget-app.git>

**Visit Budget App**

## ACHIEVEMENTS

- Won **codechef** scholarship twice, secured **global rank-388** among **4500+** participants rank-1 in my college.
- Secured rank - **416** among **24000+** participants in **scaler hiring challenge**.
- **Arctic Code Vault Contributor** Contributed code to repository in the 2020 GitHub Archive Program.**Link**

## TRAINING

### SCALER ACADEMY BY INTERVIEWBIT |TRAINEE

July 2019 - January 2020

- Six months intensive online training provided on Data Structures and Algorithms, System Design and other basic computing principles such as DBMS
- Solved 500+ algorithmic problems as a part of the course.

## VOLUNTARY EXPERIENCE

### CAMPUS AMBASSADOR INTERVIEWBIT AND CODINGBLOCKS

- Represented IB and CB in college. Guided and encouraged college students to participate in coding challenges and develop skills.

### COORDINATOR ZONAL TECH FEST

- Collaborated with a team of 50+ people. Setted problems in coding contests. Organised events like Code debugging, CircuitX and inspired students to showcase their skills.
